

Damián Otero Morales

AI Automation Specialist & Developer

Chile (open to relocation) · oteromorales@gmail.com · linkedin.com/in/damian-otero · github.com/damianotero

SUMMARY

AI Automation Specialist helping businesses save time through intelligent automation. Hands-on experience building production workflows with Make.com, Claude API, and Gemini. Self-taught developer with shipped mobile apps (Flutter/Dart) and a background in IT, web, and e-commerce. Actively seeking fully remote roles in automation engineering, AI integration, or technical consulting.

WORK EXPERIENCE

AI Automation Consultant — AI Agency (Self-employed)

Jan 2026 – Present · Remote

- Building AI-powered automation workflows for SMBs using Make.com, Claude API, and Gemini
- Designed lead qualification system: web form → AI scoring → automated email notification
- Developing WhatsApp automation bot for real estate client (Make.com + Gemini + Google Sheets)
- Services: AI Audit (\$250), AI Agent deployment (\$1,500), ongoing maintenance (\$200/mo)

Independent Developer & Freelance — Personal Projects

2019 – 2025 · Remote

- Built Rupü Sur: Flutter hiking app for southern Chile (185+ trails, GPS, offline maps, AI species ID)
- Built Neural Tuner: Android guitar tuner with real-time pitch detection (Flutter/Dart)
- Co-founding Fronterra: real estate SPA with automated client communication layer

Web Content Administrator — Impextrom S.L.

Oct 2013 – Jul 2019 · Vigo, Spain

- Managed and designed Impextrom.com e-commerce website
- Web design for multiple projects: Yolodoor (startup), Ivisat.com, Yoloreparo.com
- Photography, video production and visual content for web and marketing (After Effects, Premiere, DaVinci Resolve, Cinema 4D)

Technical Assistant — Bosch Service Solutions

Feb 2007 – Sep 2010 · Vigo, Spain

- Technical support for VoIP and ISP services for SMBs
- Installation and configuration of internet and networking services

IT Technician — SISCOM S.L.

Sep 2005 – Jan 2007 · Vigo, Spain

- Administration, configuration, and maintenance of computers and networks
- Network and server administration for small businesses
